### Program Associates

The annual participation fee is \$100 for MBA member Program Associates (suppliers, realtors, etc.) or \$250 for non-MBA members. This fee will be used for administrative costs, including marketing and advertising the program, and updating resource materials. As a participating program associate, you will be required to attend a BUILT GREEN™ Program Orientation. You can then use the decal, logo, and other promotional materials to market your firm as a “participating partner” in environmentally friendly construction. You will also benefit from the marketing and advertising provided by the program, as well as a variety of resource materials that you should find informative and helpful in working with clients, whether they are builders, remodelers, developers, or customers.

### Builders and Developers

**Program Participation:** The annual enrollment fee is \$100 for MBA members and \$250 for non-members. This fee will be used for administrative costs, including marketing and advertising the program, updating resource materials, and promoting project-specific recognition (through the Certificate of Merit, for example). As a participating builder or developer, you will be required to attend a BUILT GREEN™ Program Orientation. You can then use the decal, logo, and other promotional materials to market your company *if you enroll projects in the Program* (see below). You can also take advantage of the BUILT GREEN™ Resource Library at the MBA. The resource materials will be updated as new information becomes available.

**Project Enrollment:** Only builders and developers may enroll a project, which requires an additional fee (see below). For each project you enroll, you must complete a Project Enrollment Form and a Self-Certification Checklist. Income-qualified fees waived.
